

# THE ERA OF ANTIBIOTICS IS COMING TO AN END

*bacteria are becoming  
resistant to antibiotic drugs  
very rapidly because of  
MISUSE and OVERUSE*

**BUT  
CHANGE IS POSSIBLE.**

**WE HAVE ALL WITNESSED THE  
PHENOMENAL WORLDWIDE  
MOBILIZATION WHEN COVID-19  
EMERGED.**

**IF WE ACT NOW,  
THE CONSEQUENCES  
OF THIS SILENT  
PANDEMIC CAN BE  
RESTRICTED**
